

Academy Chair

The Academy Chair without arms is a simple yet versatile chair, suitable for multiple purposes. The transparent polycarbonate seat provides comfort yet is stylish. The chair is lightweight and unfussy, allowing you to implement the chair in any setting whether in a dining room or office.

The 4 tubular metal legs give stability as well as style, again giving the ability to match any aesthetic or requirements.

The seat is also available opaque, using leather in a colour of your choosing to cover.

Bar stools are also available.
