

## Contour Riser Recliner

### Chair Sizes

**Small Electric Riser Recliner –**  
w91.5 x h110.5 x d97cm

**Standard Electric Riser Recliner**  
– w91.5 x h110.5 x d100.5cm

The Contour riser recliner is available in two sizes (small and standard) to suit you and your room. There are matching pieces available to complete your seating requirements.

Featuring soft, fibre filled backs and soft pillow arms, this sofa range is suitable for both traditional and modern homes. Many fabrics and leathers available.

The sophisticated **Dual Motor** mechanism enables you to control the backrest and footrest independently to reach the exact position you want including a near-horizontal full sleeping position (needs a 38cm (15") gap from the wall).

Designed with full powerlift facility to assist sufferers of arthritis, rheumatism, MS, poor circulation and many other mobility restrictions.

**PERSONAL 5 YEAR GUARANTEE** on all Recliner actions, frames, motors, handsets and all other electrical parts.

Supplied with castors for ease of movement. Front castors lift away to ensure stability in raised positions. Glides now available as an alternative to castors for solid flooring.
