

dunlopillo®

NATURAL COMFORT SINCE 1929

KAREENA

A deep sumptuous layer of breathable Dunlopillo latex, combined with a soft quilted cover and supported by 1500 individual pocket springs for ultimate comfort while you sleep. Wake up refreshed for the day ahead.

1500

Individual pocket springs

1500* individual pocket springs follow and support your body shape and weight.

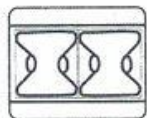

Sumptuous layer of Dunlopillo® latex

Pure Dunlopillo latex is used to create a supportive yet breathable sleeping environment.

Glue free construction

With sustainability at the forefront of our designs, glue-free construction is kinder to the environment.

Edgetech springs

Edgetech springs along the sides add strength to the mattress and allow use of the whole sleep surface of the mattress.

Quilted sleeping surface

The soft sleeping surface is quilted with wool to provide you with a supportive and comfortable night's sleep.

Three rows of side stitching

Provides a more robust mattress border.

Rotate only
