

Eleanor open display unit

Eleanor open display unit in a Fumed Oak finish, the design showcases bold design, to create a compelling and slightly eclectic look. The striking saw cut fumed rustic oak marquetry on the tops and cabinet doors contrast beautifully against the large welded peppercorn powder coated metal bases, creating a range that successfully blends intricate craftsmanship and indulgently warm tones with an on trend industrial aesthetic. Each of these hand-crafted pattern tops and laminated fumed rustic oak cabinet frames are wire brushed and distressed to give a rustic look and tactile feel, making the most of the beautiful and varied grain of oak.
